## Commission Appeals to Save Lives

National Human Rights Commission's serious attention has been drawn towards the fast-onto-death started by 24 inmates of the Dhangadhi prison in Kailali since the last four days putting forth various demands. A team comprising Commission member Prakash Sharma Wosti carried out a monitoring of the situation today and in accordance with the monitoring the Commission sent a letter to the government to address the demands.

Similarly, the Commission has urged those staging the fast-onto-death protest to call off this sensitive form of protest in connection to getting their demands fulfilled and instead opt for other ways of protests. Commission also urges the government to address the humane demands of the inmates with dialogue and save their lives.
