## Press Note

April 30, 2015

### Office building of the Commission by massive earthquake, may fall apart any time

LALITPUR: The massive earthquake that hit the country on 25<sup>th</sup> and 26<sup>th</sup> of April, 2015 has damaged the office building of the Commission. The incident of tremor has completely affected the daily office works of the Commission ever since.

Following the incident of damage caused by the massive earthquake, the office has been temporarily set up at the child care centre of the Commission lest the damaged office building could collapse any time. The office building being damaged impeding the entire office works as such, the arrangement of new office would only ensure the protection.

In this regard, the Commission has already written to the Office of the Prime Minister and the Council of Ministers for the arrangement of the permanent office building.

Similarly, the Commission has been monitoring the activities related to the crisis management on daily basis following the unprecedented disaster that hit the country.

Bed Prasad Bhattarai

Acting Secretary
