Press Release

January 22, 2019

Request to Save Dr. Govinda K. C's Life

National Human Rights Commission draws its serious attention towards the health condition of Dr. Govinda K. C. who is staging fast-unto-death for 14 days demanding implementation of the agreements made with the Government of Nepal for the improvement of prevalent problems in medical education sector.

NHRC has been monitoring the health status of Dr. Govinda K.C. who is staging fast-unto-death. The Monitoring team of the Commission has visited at the TU Teaching hospital located at Maharajgunj, Kathmandu for monitoring the health status of Dr. K. C.

The Commission requests concerned all to be sensitive towards medical education which is a fundamental issue of human rights. The Commission also draws attention of the Government of Nepal to make all the essential efforts for the fast implementation of the previous agreements concluded time and again and be serious to save his life. Similarly, the Commission requests concerned all to seek solution to the problems by means of dialogue and mediation with regard to the issues of inconsistencies.
